

Skype meeting on 31 March 2020

JH offered to look into the possibility of the DRF being able to take over ownership of the road under "Adverse Position" and once he had done so he would liaise with DM/GV and pass over the relevant details. (See Agenda for further on this.)

Following a suggestion by JH and after discussion it was agreed that the Committee in general would not be given information on who were non-payers of the DR Fee but only DM and SS would hold a list.

DM explained that 10% of residents were vehemently against paying;

10% were intermittent payers;

85% so far had paid. SM said this was 10% down on last year. However, DM explained that some tenants had back paid 3 or 4 years so this had distorted the figures somewhat. SS said he would battle away with the non payers

GV stated that in the past as little as 70% of residents had contributed to the Fund.

It had previously been agreed that Committee Meeting Minutes would be posted on our web page but sensitive information (ie names/addresses) would be redacted. GV and DM had had issues with posting on the site, had received no reply from [REDACTED] when requested to help and would now turn to [REDACTED] (in the meantime, Gill's daughter had provided invaluable assistance and these issues have been resolved).

DM confirmed that he had purchased the posts and matting in readiness for the wheelchair/pushchair path and would coordinate with JH when ready to start. (SS would mail DM to suggest this work did not proceed until we have resolved [REDACTED] request.)
