Date: 7 October 2024

Dear Neighbours,

**Re-instating the Road Markings on Derby Road
Tuesday 15 October 2024**

Following our communication in September asking residents and businesses to approve the quote recommended by the DRFA to refresh the white road markings on Derby Road, we received a total of 82 votes from DRFA full members. With 81 votes in favour and 1 against, we are now able to proceed with the work. Thanks to all those who took the time to vote.

The work by WJ South Ltd/Reading Borough Council is scheduled to take place **on the morning of Tuesday 15 October**. For Health & Safety reasons there will be a closed road sign at the entrances. Weather permitting and all things being equal, it is hoped that the work will be completed within a couple of hours

The road itself will need to be clear of all parked vehicles on the day, so we would ask any residents who have a vehicle parked on Derby Road itself to please ensure it is moved during these hours to allow the work to be carried out.

Because the work will take place on the full length of the road, vehicle access to Derby Road and its offshoot roads will be limited during that time. We appreciate this will be a temporary inconvenience for residents, so suggest that anyone needing to use their vehicle during those hours moves it beyond the confines of the road and informs any visitors of this fact. We will endeavour to keep the disruption to a minimum and thank you in advance for your understanding in this matter.

In the event that the weather conditions mean the work cannot take place on 15 October, we will update you with the rescheduled date as soon as we have it.

As it is quicker to update residents by email than by letter, if you currently receive letters from us and would prefer to receive emails in future, please let us know by emailing derbyroadfund@gmail.com and we will add you to our email database.

If you have any questions on this, do get in touch.

Best Wishes

DRFA Committee
